

RAZOR RECESSED 6670

Linear Recessed Extrusion System for Commercial Application

- Linear Extrusion System for Commercial or Architecture application.
- Slim design to suit for low ceiling application
- High Color Rendering LED Strip Solution
- Customized length possible in 50mm increment
- 1-10V, DALI Dimming available
- IP44 Optional
- Long system life time with 5 years system warranty

Technical Specification	
Lumen Output range	2600lm/m
Module Power	28w/m
Operation Mode	Constant Current / Optional Constant Voltage
Color Temperature	2700K / 3000K/ 4000K
CRI Option	CRI 80 & CRI90 Optional
Lifetime	50000 hrs
Dimension	66mm x70mm
Cut Out Width	50mm
Dimming	DALI/ 1-10V
Finish Color	White / Powdercoating available

* IES Files are available on request
